Appendices

- Appendix A Table of Projected Revenues
- Appendix B Table of Projected Expenditures

Currently, Kingsborough Community College does not offer a curriculum that combines the technical knowledge required of an information systems specialist with the understanding of

economic, accounting, general business and marketing theory required for success in today's

business firm. The A.S. in Business Information Systems will remedy this gap. The joint BIS /IS programs introduce techniques, models and applications as they are used in the business environment to solve information problems. Learning these applications will provide students with insight into the world of business so that they can pursue careers in relevant business, financial, and computer information fields.

these programs. In Fall 2009, there were 1,295 majors enrolled in the Associate in Applied
Sciences in Business Administration offered by the Department of Business. The faculty of both

Table of Enrollment Projections

Enrollment projections for the A.S. in Business Information Systems for the first five years of

	Year 1	Year 2	Year 3	Year 4	Year 5
Semester 1	20	25	30	35	40

Associate in Science in Business Information Systems

Degree Requirements for Matriculants (Total credits: 60)

COLLEGE REQUIREMENTS

Successful completion of CUNY/ACT Tests in Reading and Writing and the Mathematics Test with passing examination scores or development courses may be required.

One (1) Writing Intensive course in any discipline is required.

* ENG 12	3 credits
* ENG 24	3
HE 14	1

DEPARTMENT REQUIREMENTS

* Macroeconomics (ECO 12)	3
* Microeconomics (ECO 13)	3
Fundamentals of Business (BA 11)	3
Introduction to Computer Concepts (BA 60)	3
Introduction to Accounting (ACC 11)	4
Introduction to Computing (CS 12)	4
Advanced Programming Techniques (CS 13)	4

Bachelor of Science in Information Systems

Degree Requirements for Matriculants (Total credits: 60)

Category	Requirement	Credits
General Education	English 101	3
	English 102	3
